alifangga@gmail.com

github.com/playmakermz

Innovative and experienced in data labeling and classification to prepare structured AI training datasets. Using three languages (Indonesian, Javanese, and English) and contemporary programming technologies including HTML, CSS, JavaScript, Python, and modern frameworks such as Vue and React. Demonstrated ability to execute tasks with schedule discipline, ensuring timely delivery (deadline adherence) and compliance with standardized procedures to produce high-quality results with optimal accuracy.

Experience

AdsRating *Welocalize* — 05/2024 - Present

Advertising labeling and classification

Responsibilities

- Advertising classification for business
- Classification of advertisements as harmful or not
- Classify ads for specific users
- Classify the generated image whether it matches the prompt or not.
- description of user needs for advertising

technology used   EWOQ Rating Portal.

Teacher *Digitalent Scholarship*
From Ministry Of Information And Informatics Republic Of Indonesia — 05/2024 - 07/2024

Programming Teacher   programming Course

Responsibilities

- organize study classes and direct them
- organize learning materials to suit students' abilities
- friend for beginner students
- Coordinate with other Teachers to develop learning
- teach programming concepts that are relevant to students' needs

technology used   HTML, CSS, JavaScript, React, React Native, React Expo, SQL, Git, Github.

Teacher *Progate BootCamp* — 08/2022 - 09/2022

Programming Teacher   teach programming lesson

Responsibilities

- organize study classes and direct them
- organize learning materials to suit students' abilities
- friend for beginner students
- Coordinate with other Teachers to develop learning
- teach programming concepts that are relevant to students' needs

technology used   HTML, CSS, JavaScript, SQL, Git, Github.

Teacher *Digitalent Scholarship*
From Ministry Of Information And Informatics Republic Of Indonesia   **03/2022 - 04/2022**

Programming Teacher   teach programming lesson

Responsibilities

- organize study classes and direct them
- organize learning materials to suit students' abilities
- friend for beginner students
- Coordinate with other Teachers to develop learning
- teach programming concepts that are relevant to students' needs

technology used   HTML, CSS, JavaScript, SQL, Git, Github.

Teacher *Kampus Merdeka*
From Ministry Of Education And Culture Republic Of Indonesia   **09/2021 - 12/2021**

Programming Teacher   teach programming lesson

Responsibilities

- organize study classes and direct them
- organize learning materials to suit students' abilities
- friend for beginner students
- Coordinate with other Teachers to develop learning
- teach programming concepts that are relevant to students' needs

technology used   HTML, CSS, JavaScript, SQL, Git, Github.

Teacher *Ready Set Code*
From Ministry Of Education And Culture Republic Of Indonesia   **08/2020 - 11/2020**

Programming Teacher   teach programming lesson

Responsibilities

- organize study classes and direct them
- organize learning materials to suit students' abilities
- friend for beginner students
- Coordinate with other Teachers to develop learning
- teach programming concepts that are relevant to students' needs

technology used   Python, Git, Github.

Project

Free Programming learning Materials *Warkop-Website Github*   **2025**

- Provides Front-end learning materials such as HTML, CSS, JavaScript
- Provides Back-end learning materials such as Python, R, Ruby, Node Js
- Providing Database learning materials such as MySql
- Provides learning materials to support programming learning such as: vim and git

Education

Certificate *Cloud Practitioner Essentials*   `05/2021`

- AWS Cloud Fundamental

Certificate *SOLID Programming Principles*   `08/2021`

- SOLID Programming Paradigm

Certificate *Web Programming Basics*   `07/2021`

- Web Programming Basics

Bachelor of Information Systems *Indonesia Open University*   `2026`

Additional activity

- Arch Linux Wiki members

- Python Software Foundation(PSF) members
